

STUDENT NEWSLETTER

New Student Orientation

July 29th to July 31

A schedule will be sent once it is finalized. Orientation attendance is mandatory, so plan to be here.

Student Emails

Incoming students will receive an email in May with a link to set up ICOM emails. It is important to set up this email as soon as you get the notification so you can keep up to date with matriculation requirements.

The notification will be sent to the email on file in AACOMAS.

White Coat Ceremony

The White Coat Ceremony is a welcome to the profession and when students receive their official white coat. It is a celebration for the students and their families.

Date: September 25, 2020

Welcome Class of 2024

Welcome to the Student Newsletter. We will be sending a monthly newsletter until everyone is on campus in late July. Please keep a look out for important updates.

Welcome to ICOM

“Dr. Bag” Clinical Equipment Requirements

Incoming medical students will need:

- Stethoscope
- Reflex Hammer
- Otoscope and Ophthalmoscope
- Sphygmomanometer
- Tuning fork and monofilament
- Long white lab coat for Anatomy
- Scrubs for Anatomy

Equipment needs to be purchased by the second week of school. The long white coat and scrubs for anatomy do not need to be new or a specific brand. Scrubs do not need to be any specific color. It is recommended you have at least two pairs of scrubs to wear for anatomy.

We have partnered with two companies to provide equipment at a discounted rate. You can order through these companies or purchase the items on your own. Specific brands are not required. Each company offers three package levels so you can choose which price is best for you. All packages have the required equipment. The difference in price is the quality of the equipment in the package.

Introduction to ICOM's Student Services

Welcome to the first newsletter for the Class of 2024. It's crazy to think the start of class is about four months away. I am so excited for you all to be joining the ICOM family and be part of the third class.

As we all are adjusting to life right now and trying to get to a new normal, we hope this newsletter gives you an idea of the support we will provide through the Office of Student Services. We have a great team of people here to support you through your medical school journey and we will connect with you in various ways over the next few months. Whether this is through the Financial Aid Office, the Learning Specialists, the Behavioral Health Specialist, Student Affairs, Registrar or the Admission Team. So keep an eye out for the emails coming your way.

Please be safe, stay healthy and reach out if you need anything we are here to help!

Student Affairs are here to help you succeed in your path through medical school. Student organizations, student concerns, wellness, student activities, and health insurance are just a few of the things we help with. We are here to support students and love whenever we have a chance to connect. We cannot wait to see all of you here in July.

Liz Watson, Director of Student Affairs

Sharon Eisenbarth, Student Affairs Coordinator

The Admissions and Recruitment team scours the US looking for amazing applicants who fit our mission. We host interview days, open houses, Accepted Students Day, and a myriad of other activities to help our future physicians and community members learn more about ICOM. We are also help as you transition to medical school.

Janette Martin, Director of Admissions

Rachael Lews, Admissions Coordinator

Ellie Matthews, Recruiter

Nicole McMillin, Director of Financial Aid

Carlene Wallace, Financial Aid Coordinator

The Office of Financial Aid helps students to successfully navigate the financial aid process and to be a resource for information regarding scholarships, borrowing, budgeting and anything else to do with paying for educational expenses.

Learning Specialists help you benefit from an academic support system that is proactive in providing anticipated resources. Learning Specialists can provide success tips, resources, and strategies for many of the academic challenges of medical school.

Rick Coonrod, Learning Specialist

Jennifer Ross, Learning Specialist

Denyce Drinkall, Registrar

The Office of the Registrar registers students for courses, posts official grades for completed courses, calculates class rank, provides official verifications for students' varying needs and works with military (VA/VocRehab), providing official transcripts and manages the student portal. We also coordinate efforts for COMLEX and USMLE exams towards the end of the second year, as well as conferring degrees once students have successfully completed their DO program requirements.
