

ICOM Student Summer Research Opportunities

- This list is **current as of October 10, 2023**. As programs add dates for 2024, the list will be updated monthly to capture the current information. Listings that are **highlighted** have not been updated for the 2024 cycle.
- This is a partial list and by no means comprehensive. If you know of other opportunities, please consider sharing the information!
- Please verify all provided information and follow the guidance from the program's website regarding application materials
- If requesting a letter of recommendation or a reference from a faculty member, kindly alert them to your intention to apply for a summer opportunity and ask well before listing them as a reference
- Some opportunities require you to contact a program mentor or coordinator beforehand, some require a (free) membership to a society, some require you to submit an original research proposal and some opportunities forbid you from contacting anyone prior to being selected/interviewed. READ CAREFULLY!
- Opportunities are in calendar order by deadline date. For opportunities with a *deadline window*, the best chances of securing a spot are if the application is received at the start of the deadline window, rather than the end.
- All programs have various durations and start dates and typically expect a participant to be available for the whole internship/research opportunities. With that in mind, ensure that you are available for entire internship before applying
- Many of these opportunities are targeted towards populations underrepresented in the medical profession relative to their numbers in the general population, defined by the AAMC as self-identification with one of these racial and ethnic populations including African Americans, Hispanics, American Indians, Alaska Natives, native Hawaiians, and other Pacific Islanders." (AAMC: American Association Medical Colleges)

Unclear/Deadline Not Listed

January Deadlines:

HIV Vaccine Trials Network: RAMP scholars program

<https://www.hvtn.org/scientific-programs/scholar-awards.html>

Duration: 8-10 weeks on site

Eligibility: US medical students and DO students, self-identify as African American/Black, Hispanic/LatinX, Native American/American Indian, Native Hawaiian, Asian and Pacific Islander, US student or US permanent resident

Procedure: submit all application materials, travel to an HIV vaccine clinical research site in US or abroad, attend and present at an HVTN conference

Funding: up to \$20,000

Deadline: September 2023-January 2, 2024, 5:00pm PST

Northwestern Medicine: Feinberg school of medicine, Medical Student Summer Externship

<https://www.feinberg.northwestern.edu/sites/pmr/education/medical-students/summer-externship.html>

Duration: 8 weeks

Eligibility: 1st or 2nd year allopathic or osteopathic medical students

Procedure: complete all application materials, author a research paper, present to extern group/faculty

Funding: \$3,000

Deadline: November 2023 - January 5, 2024

New York Academy of Medicine: David E Rogers Student Fellowship award

<https://www.nyam.org/fellows-grants/grants-awards/student-grants/david-e-rogers-student-fellowship-award/>

Duration: 10-12 weeks

Eligibility: 1st year medical students, unclear whether DO students will be considered

Procedure: complete all application materials. Students must present research findings at the Academy's annual medical student forum in September 2021

Funding: \$4000 stipend

Deadline: October 2022-January 7, 2023

Pipeline Initiative for the Enrichment of Radiology (PIER) with the American College of Radiology

<https://www.acr.org/Member-Resources/Medical-Student/Medical-Educator-Hub/PIER-Internship>

Duration: June-mid July, presentation in August

Eligibility: First year medical students (US). Underrepresented minorities and women are given application preference

Procedure: ACR membership (FREE), complete all application materials. Presentation during the Radiology/Oncology section at the National Medical Association annual meeting.

Funding: stipend, continued mentorship and support throughout the years leading to radiology residency application

Deadlines: October 2023-January 7, 2024 11:59PM EST

Ohio Health Summer Research Externship

<https://www.ohiohealth.com/medical-education/summer-research-externship-program/>

Duration: 8 weeks, June- August

Eligibility: unclear whether DO students might be considered, 1st year students, 20 students accepted

Procedure: complete all application materials

Funding: Weekly stipend, not specified

Deadline: applications accepted annually: November 28 - January 8

Robert A. Winn Diversity in Clinical Trials Award Program

<https://diversityinclinicaltrials.org/>

Duration: six weeks

Eligibility: Medical students in MD/DO programs in accredited medical schools in the US.

Preference will be given to students considered underrepresented in medicine.

Procedure: complete all application materials

Funding: \$7500 stipend for travel, living and lodging expenses

Deadline: November 6, 2023-January 8, 2024

Children's Hospital of Los Angeles: Summer Oncology Research Fellowship (SORE, NIH R-25 grant)

<https://www.chla.org/fellowship/summer-oncology-research-fellowship>

Duration: 10-12 weeks

Eligibility: 1st or 2nd year medical students

Procedure: complete all application materials, choose a research mentor (from a list) and then develop a research proposal with the research mentor

Funding: \$600/week, travel and housing assistance may be available

Deadline: November 1, 2022-January 9, 2023 (early application/deadline December 12, 2022)

Society of Interventional Radiology (SIR) Foundation: Summer Medical Internship Program

<https://www.sirfoundation.org/get-funded/medical-student-research-education/summer-medical-internship/>

Duration: 8-12 weeks

Eligibility: actively enrolled in an allopathic or osteopathic medical school, good standing, must be available for the entire duration of the internship, member of the SIR

Procedure: Complete all application materials, see website

Funding: \$6000 for interventional radiologist program, corporate sponsorship also available, student responsible for arranging travel and housing

Deadline: October 1, 2023-January 15, 2024

American Brain Tumor Association: student summer fellowships to pursue careers in neuro-oncology research

<https://www.abta.org/medical-student-summer-fellowships/>

Duration: "summer" probably 10-12 weeks

Eligibility: US medical students enrolled and in good standing

Procedure: student must contact a mentor doing brain tumor research

Funding: \$3,000

Deadline: Mid-November-Mid-January 2024. 1:00 PM EST

Oregon Health Science University Campagna Summer Research Scholarship

<https://www.ohsu.edu/school-of-medicine/neurosurgery/campagna-scholarship>

Duration: 10 weeks

Eligibility: 1st year medical students enrolled in an accredited program

Procedure: complete all application materials

Funding: \$5,000 for travel and living expenses in Portland, OR

Deadline: December 2022-January 18, 2023

Endocrine Society summer research (careers in endocrine research):

<https://www.endocrine.org/awards/research-experiences-for-graduate-and-medical-students>

Duration: 8-10 weeks

Eligibility: 1st year medical students, does not specify whether DO students would be eligible

Procedure: must be a member of the Endocrine Society (free), complete all application materials

Funding: \$2500 honorarium

Deadline: October 16, 2023- January 20, 2024

University of Texas: MD Anderson Cancer Center First Year Medical Student program

<https://www.mdanderson.org/education-training/degrees-programs/summer-research-programs/first-year-medical-student-program.html>

Duration: 10 weeks, June 6, 2023 to August 11, 2023

Eligibility: 1st year medical students in good standing at an LCME or COCA accredited US medical school

Procedure: complete all application materials

Funding: \$6,000 stipend provided for housing, meals and travel in Houston. TX

Deadline: December 1, 2022-January 20, 2023

MSTAR (Medical Student Training Aging Research) Multiple sites, program hosted by [Harvard](#), see [this page](#) for other opportunities - MAY HAVE DIFFERENT APPLICATION DATES

Duration: 8 weeks, participation days must be continuous (no vacations or other research internships). Students should be present: 6/6/2023-7/20/2023

Eligibility: rising 2nd year medical student in good standing. Underrepresented groups encouraged to apply

Procedure: complete all application materials, students will work with Harvard faculty

Funding: \$2,000 per month, approximately \$4,000

Deadline: November 1, 2022-January 20, 2023, 5PM EST

Association of Academic Physiatrists: Rehab Research Experience for Medical Students (RREMS)

<https://www.physiatry.org/page/RREMS>

Duration: 8 consecutive weeks, beginning in June or July

Eligibility: first year medical students from an accredited allopathic or osteopathic medical school in the US

Procedure: Students must contact a sponsor site/mentor and draft a proposal before submitting an application. Sponsor site, mentor and proposal are included fields in the application. Allow at least one month for the application process.

Funding: \$4,000 stipend, sponsor site covers registration and travel to AAP annual meeting

Deadline: January 20, 2023

Association of Academic Physiatrists: Medical Student Summer Clinical Externship (MSSCE)

<https://www.physiatry.org/page/MSSCE>, application updates:

<https://www.physiatry.org/page/ExternshipInterestForm>

Duration: 8 weeks

Eligibility: first year medical students from an accredited medical school in the US

Procedure: Choose top 4 sites and complete all application materials. Must submit abstract, present case report to AAP annual meeting

Funding: \$4,000 stipend, housing not included, covers registration and travel to AAP annual meeting

Deadline: January 20, 2023

Massachusetts General Hospital: Summer Research Trainee Program

<https://www.massgeneral.org/cdi/programs/students/summer-research-trainee-program-srtp>

Duration: 8 weeks, June 4, 2023-July 28, 2023

Eligibility: underrepresented in medicine group, rising first year or first year medical student from a college or medical school in US

Procedure: complete all application materials

Funding: \$5,000 stipend, Housing provided near Harvard Medical School (\$4000 value), meals provided at all didactic sessions

Deadline: November 2022-January 22, 2023. 5PM EST

MSTAR (Medical Student Training Aging Research) University of North Carolina Chapel Hill

<https://www.med.unc.edu/aging/mstar/>

Duration: minimum 8 weeks

Eligibility: rising 2nd year medical student in good standing. Underrepresented groups encouraged to apply

Procedure: You must speak with the program coordinator prior to submitting your application to discuss your research interests and potentially speak with prospective mentors.

Funding: \$2100 per month

Deadline: October 2023- January 22, 2024 8:00am EST

University of Maryland School of Medicine: Summer Program in Obesity, Diabetes and Nutrition Research (SPORT-T35)

<https://www.medschool.umaryland.edu/sport/>

Duration: end of May through mid-August, 10 weeks

Eligibility: medical student in good standing

Procedure: complete all application materials. References/recommenders will be contacted by the SPORT program, so alerting your references/recommenders is encouraged.

Funding: \$6,330, students are required to arrange housing, transportation, and parking

Deadline: January 23, 2022, 11:59PM EST

Children's Hospital of Richmond at VCU: Jack's Summer Scholar's Program

<https://www.chrichmond.org/education/jacks-summer-scholars>

Duration: June 12- July 28, 2023

Eligibility: medical students at universities in good standing that have their completed first year of medical school

Procedure: complete all application materials for "Graduate Summer Program", interviews February 6-24, 2023

Funding: \$1200 for medical students, housing provided. Students pay own travel expenses

Deadline: December 1, 2022 – January 27, 2023

Nationwide Children's: National Student Injury Research Training program

<https://www.nationwidechildrens.org/research/areas-of-research/center-for-injury-research-and-policy/education-and-training/national-student-injury-research-training-program>

Duration: 8 weeks from June 5-July 28, 2023

Eligibility: medical student in a US medical school in good standing. Unclear whether DO students will be considered

Procedure: follow application instructions via the website

Funding: \$300 scholarship stipend

Deadline: January 30, 2023, 5PM EST

Foundation for Anesthesia Education and Research (FAER): American Society of Anesthesiologists Summer Program (MSARF)

<https://www.asahq.org/faer/programs/medicalstudentfellowships/summerfellowships>

Duration: 8 weeks

Eligibility: medical student at LCME or COCA accredited school (1st-3rd year), 60 students are usually selected

Procedure: complete all required application materials, select a mentor from the approved list, poster or presentation at annual meeting

Funding: \$4800 stipend for relocation, housing and/or health insurance, funds to attend the ANESTHESIOLOGY meeting October 23, 2022

Deadline: Dec 15, 2023-Jan 31, 2024, CST

Kennedy Krieger Institute: James A Ferguson Emerging Infectious Diseases Research Initiatives for Student Enhancement fellowship program (RISE)

<https://www.kennedykrieger.org/training/programs/center-for-diversity-in-public-health-leadership-training/ferguson-rise>

Duration: Monday May 27, 2024 to Friday July 26, 2024. Dates are not flexible.

Eligibility: current full-time enrollment in a medical school, 3.0 GPA. Students from underrepresented populations are strongly encouraged to apply
