

Doctor of Osteopathic Medicine (DO) Licensure

Graduation from an AOA Commission on Osteopathic College Accreditation (COCA) accredited college of osteopathic medicine is required in order to begin training in an AOA or ACGME (Accreditation Council for Graduate Medical Education) residency program to which a Burrell graduate is accepted, and to take the COMLEX-USA Level 3 examination. The Doctor of Osteopathic Medicine program curriculum offered by the College meets the state educational requirements for licensure or certification in all U.S. states and each U.S. Territory. The College strongly encourages students to determine any additional requirements for licensure in the state in which they seek to practice osteopathic medicine. Students should refer to the individual state licensing bodies, as well as the Federation of State Medical Boards or the Physician Licensing Service for requirements for licensure. For licensing board contact information, please go to: <https://osteopathic.org/life-career/medical-licensure/state-licensure/>.

The State Licensing Requirements should indicate if the program curriculum **Meets** the requirements in these states and US Territories, **Does NOT Meet** the requirements in these states and US Territories, or is **Undetermined** if the program has not yet determined if the curriculum requirements are met for these states and US Territories.

States & Territories	State Licensing Requirements	Name, Address & URL of State Licensing Board or Department List Disclosures by State
